

CellGen

(TGAAUST L : 144031)

- **Nourishes and energizes brain cells**
- **Protects the nervous system**
- **Slows the effects of age-related diseases**

The cornerstone of brain function
 CellGen is a very unique supplement, as its

ingredients have the ability to move from the bloodstream into the brain to nourish and energize brain cells. Developed using the most advanced biotechnology and scientific research, CellGen is an excellent combination of the most effective natural nutrients that feed the mitochondria which give the brain energy. Studies have shown that mitochondrial decay is a very significant factor in aging and age-related

degeneration, such as memory loss, learning deficit, and motor dysfunction. The ingredients in CellGen are uniquely combined to complement each other's functions and offer maximum effectiveness for brain cell revitalization. Its antioxidant properties also help to protect the nervous system from oxidative damage and slow neurodegeneration, and provide optimal functioning for the body's immune system.

101 Hair Products Work !

Hair loss is becoming more and more common and a problem even for some teenagers these days. It can be quite a devastating experience to gradually lose one's hair. Often we link our self esteem and identity with our appearance and in particular, our hair. When someone loses their hair, they can often lose their self esteem and

confidence too. But there is hope for sufferers...a lot of hope... 101 Hair Products, developed by the world famous dermatologist, Professor Zhang-guang Zhao, consist of all natural herbal tonics and shampoos. 101 Hair Tonics have won 10 International First Place Awards at major Expos and Fairs around the world.

These wonderful products have achieved extensive recognition by being reported upon by the New York Times, Newsweek, The Age, Herald Sun and Financial Review as great news for people suffering hair loss. And the results are amazing – we have many satisfied male and female customers throughout Australia and the world.

101 Starter Pack
 We suggest everyone begins with our "101 Starter Pack". This consists of using one bottle of 101 Hair Formula, two bottles of 101 Hair & Scalp Tonic, one bottle of 101 Shampoo and two of our quality Tan Wood Combs.
 The first thing to expect in the first month with our 101 Starter Pack is that your hair will stop falling out.
 This is a great relief for anyone who has had a hair loss problem. Our products will also cure itchiness of the scalp and reduce the production of oil, if excess oil is a problem. Most of our customers are delighted to see growth of baby hair after two months treatment (after finishing the "101 Starter Pack" and completing another month of treatment.)

Doctor's Note:
 Some of the main reasons of hair loss are reduced blood flow to the hair follicle and hyperactivity of sebaceous gland (excessive oily scalp). 101 Starter Pack's main functions are: preventing further hair loss by removing grease and to like dandruff on scalp, and adjusting the sebaceous gland function and stimulating healthy blood circulation to the scalp and hair follicles. Our clinical observation suggests that 101 Hair Products have a 99% effective rate in preventing further hair loss.
